Then click **SUBMIT**.

Step 5) Next, we will be selecting what content of your OLD Course (your “Source” source) you want copied over to your NEW Course (“Destination” course). Please review the list of options you see within this section. If you want everything copied over, meaning all of your content areas, links, grade center columns, etc., then click “Select All.” To pick and choose what content you want transferred over, just click the check box to the left of each content item.

FOR EXAMPLE: If Professor A had all of the class readings uploaded under “Assignments”, and wants to copy it into his or her new course, they would need to check the “Assignments” box. The list of content areas you will see will match the content areas you have in your OLD course.

Adaptive Release Rules for Content

User criteria will not be captured if enrollments are not included. Assignment submissions will not be captured if the Grade Center columns and settings are not included.

IMPORTANT NOTE:

In order to copy exams from one course to the next, you must select:

- 1) The Course content area where the exam links are
- 2) All Grade Center Columns and Settings
- 3) Tests, Surveys, & Pools

Only when those 3 are selected can you copy over the exam links / grade center settings so that the exams work in your new course like they did in the previous course.

Now, scroll down past this section to the “File Attachments” Section.

Step 6) Click the circle to the left of “Copy link and copies of the content” to copy the content and links you created within your old course to your new course.

FILE ATTACHMENTS

Select an option for copying your file attachments. If content will be reused in a different course, copying links an

- Copy links and copies of the content (include entire course home folder)

Step 7) Ignore the “ENROLLMENTS” section below – there is a separate tool called the “Section Merge Tool” that is used to merge rosters. You are now ready to perform the course copy! Click “SUBMIT” to begin the process.

ENROLLMENTS

Copy enrollments for all users in the course. This option does not copy user records in the course, such as grades. User records are only copied with Exact Copy.
